This covert antenna is a genuine OEM Audi A3, A4, A6 panel mount shark fin antenna. Supplied painted to match any vehicle's colour code. Once painted each of our antennas are individually tested to make sure the frequency performance is not affected by the paint finish supplied.

The antenna has 1x 300mm RG316 low loss cables exiting the antenna terminated to FME female.

Optional RF connectors can be specified when ordering, and can be supplied with a full range of extension cable assemblies to suit your installation requirements.

This antenna can be purchased with many different functions from Tetra to WLAN. Please contact us for more details.
