

SABM0F110-5 FULL COVERT BMW F11 ANTENNA – 1 FUNCTIONS

Bespoke Options

- UHF
- GSM 900/1800
- UMTS
- GPS
- ISM 868
- WLAN
- Bluetooth
- Custom Frequencies

This covert antenna is a genuine OEM shark fin antenna for a BMW F11 5 Series estate but can be found fitted to most of the BMW range. Supplied painted to match any vehicle's colour code. Once painted each of our antennae are individually tested to make sure the frequency performance is not affected by the paint finish applied.

The antenna has 1x 300mm RG316 low loss cables exiting the antenna but can be purchased with many different functions from Tetra to WLAN.

Optional RF connectors can be specified when ordering, and can be supplied with a full range of extension cable assemblies to suit your installation requirements.

Please contact us for more details.
