This covert antenna is a genuine OEM panel mount roof antenna from Hyundai fitted to the iLoad and i30 model range. With a large base it can be used as a general purpose antenna and would be an ideal replacement for any vehicle to provide multi-functions.

The antenna features a removable whip to allow for maintenance. This particular part number has 1x 300mm RG316 low loss cable exiting the antenna. Optional RF connectors can be specified when ordering, and can be supplied with a full range of extension cable assemblies, and multiplexers to allow you to retain AMFM functions of a vehicle.
