

**FULL COVERT  
OPEL COMBO VAN  
ANTENNA - 2 FUNCTIONS**  
Part No. SAOP11830-B5

**SureAntennas®**  
Covert Antenna Solutions

This covert antenna is a genuine OEM front roof antenna for Opel, and can be fitted to most of their range of commercial vehicles.

The antenna is a centre front roof panel mount antenna with a single nut fitment and features a removable whip to allow for vehicle washing and maintenance.

This particular part number has 1x 300mm RG316 low loss cable exiting the antenna, terminated to an FME female. Optional RF connectors can be specified when ordering, and can be supplied with a full range of extension cable assemblies, and multiplexers to allow you to retain AMFM functions of a vehicle.

This antenna can be purchased with many different frequency bands. Please contact us for more details.
