Operating since 1997, Sure Antennas are a British-based company that specialises in the design and manufacture of vehicle antennae for radio communication applications.

Being at the forefront of antenna technology our portfolio includes high-performance multi-function ESN ready vehicle antennas as well fully covert solutions that utilise the genuine antennas of the vehicle.

This guide details the modem and vehicle technology compatibility of our Antennas.

Modem & Vehicle Technology Compatibility Guide

Our ESN ready Antennas have been designed to be fully compatible with all modems and vehicle technology. This guide details some of the most commonly used vehicle technology and recommends suitable antenna kits. Please note that this list is only a demonstration of our antenna compatibility and if your requirements differs to what is in this guide please talk to us about the best solution for you.

Our Antennas are also Airwave Approved meaning they are ready for use with legacy Tetra systems whilst future proofing the vehicle in preparation for the ESN transition.

Modems:
Cardlepoint COR IBR900

ESN
AUTHORISED
AND
CERTIFIED

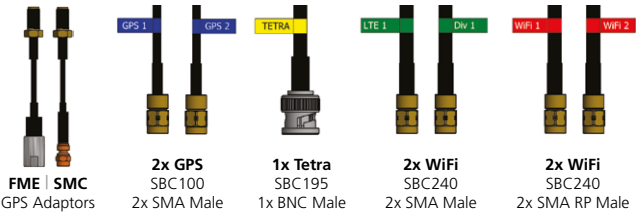

Suitable Antennas kits
IBR900 5 in 1

Part No.	Variant
SK020140	Mallard 5 in 1 Black - LTE 2x2 MiMo 5G 4G 3G 2G, 2x2 MiMo WiFi & 1x GPS. Inc 5m Modem Cables
SK020200	Mallard 5 in 1 White - LTE 2x2 MiMo 5G 4G 3G 2G, 2x2 MiMo WiFi & 1x GPS. Inc 5m Modem Cables

Suitable Antennas kits
IBR900 & Tetra 7 in 1

Part No.	Variant
SK020260	Mallard 7 in 1 Black - LTE 2x2 MiMo 5G 4G 3G 2G, 2x2 MiMo WiFi 2x GPS & 1x Tetra. Inc 5m Modem Cables
SK020200	Mallard 7 in 1 White - LTE 2x2 MiMo 5G 4G 3G 2G, 2x2 MiMo WiFi 2x GPS & 1x Tetra. Inc 5m Modem Cables

*Other antenna options are available for this modem. Please contact us for more information.

Important Waiver Information

All information and data in this brochure is providing an indication of typical performance of our products under a common installation type, it does not guarantee performance or suitability for all installation requirements.

It is therefore encouraged all customers should conduct their own tests on a product to establish it is correct for their installation.

Products should only be installed by a qualified installer, familiar with appropriate laws and regulations. We advise customers to consult and comply with the appropriate Sure Antennas installation instructions.

All specifications and product information in this catalogue are subject to change without notice.
