

XXTBCXXXX Supply & Modify Covert Mitsubishi Roof Antenna – 1 FUNCTION

VSWR*

This covert antenna is an authentic OEM Mitsubishi Roof Antenna. It is provided pre-painted to match the specific colour code of your vehicle. After painting, each antenna undergoes individual testing to ensure that the frequency performance remains unaffected by the finish.

The antenna features a 300mm RG316 low-loss cable extending from it. You can choose optional RF connectors when placing your order, and a full range of extension cable assemblies is available to meet your installation needs.

This antenna is available with various functions and frequencies, including GPS and WLAN. Please contact us for further information.
