

SK023901 Hyundai OEM Fitting Kit Including 'Mallard' Antenna

Introducing the **Hyundai OEM Fitting Kit including the advanced 'Mallard' antenna (SK023901)**. This comprehensive product includes both the **SM2000 Diplexer** and the **SM3500 GPS Divider Unit**, ensuring **seamless connectivity and functionality**. The SM2000 can be integrated within the **Mallard Antenna MOQ**, providing additional versatility. If a Motorola device is not present or if an **MTM8000** is installed, simply attach the **GPS conversion cable** to the **GPS TETRA cable** for optimal performance. Designed with multiple cables for flexible installation (please refer to the table below for details), this fitting kit is perfect for both **overt and discreet vehicles**.

After completing the installation, power up the vehicle and check the dashboard status screen for any **'SOS' error messages**. If such an error appears, double-check all connections and reset the vehicle software using the manufacturer's service tools. Should the issue persist, please **contact our technical team** on +44 (0)333 360 9249 for further assistance.

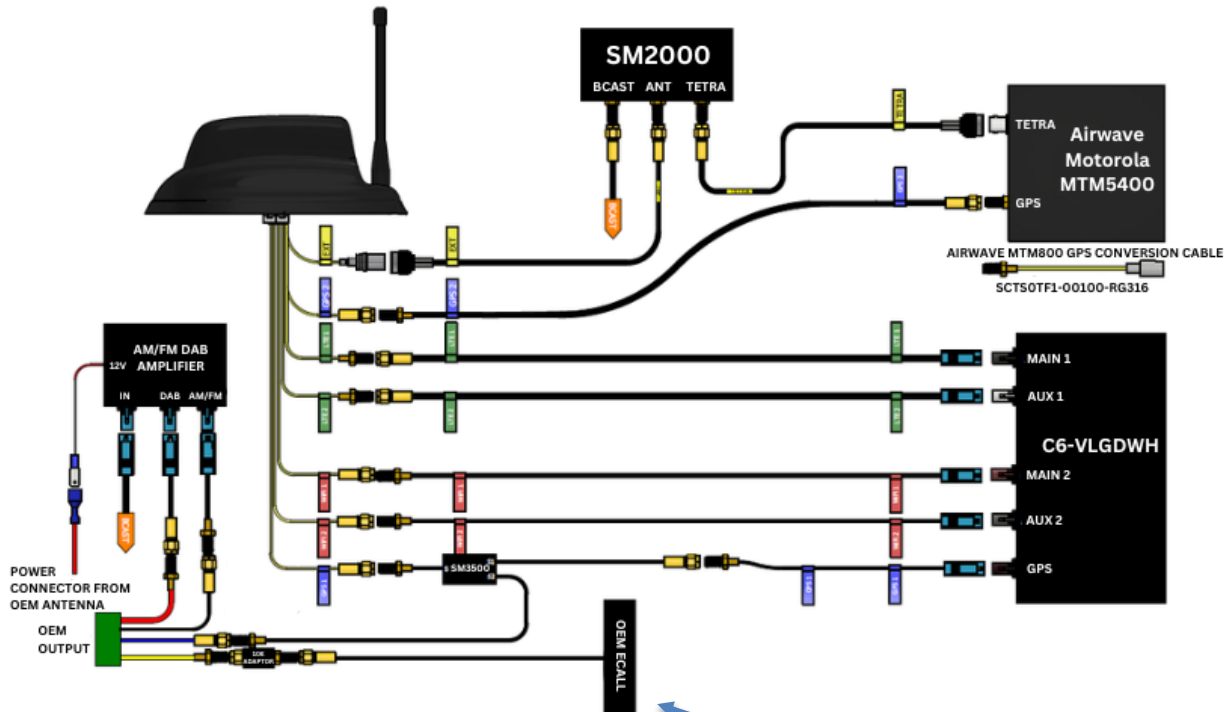

Technical Specifications

Cable Matrix		
Stock Number	Part Name	Quantity
SCTS1T0Z-05000-LBC195	Extension Cable : 05000 mm : LBC195 : TERMINATED – SMA (m) to Water Blue Fakra (f)	2
