

## SK030115 VW Golf MK8 Canbus Conversion Kit

Introducing the **VW Golf MK8 Canbus Conversion Kit (SK030115)**, designed to **optimise connectivity and performance** in your vehicle. This kit includes **high-quality LTE antennas** that can be easily adhered to the inside of the headlining or a window, providing a **discreet installation**. To ensure optimal functionality, avoid placing the antennas on metallic surfaces.

The **GPS antenna** should be mounted with the **SKY facing upwards**, ideally positioned under the plastic trim near a window. For the best performance, make sure the **GPS antenna remains horizontal** and is not obstructed by any metallic objects above it.

Once the installation is complete, power up your vehicle and check the dashboard status screen for any **'SOS' error messages**. If such an error appears, please verify all connections and reset the vehicle software using the manufacturer's service software, then retest the system. Should the problem persist, do not hesitate to **contact our technical team** at +44 (0)333 360 9249 for further assistance.

## Technical Specifications

	1x OEM GSM Antenna	1x OEM WiFi Antenna	1x OEM GPS Antenna
<b>Mechanical Data</b>			
Dimensions (mm)	H7xW140xL25	H7xW140xL25	H15xW35xL35
Operating Temp (°C)	-30 / +70°C	-30 / +70°C	-30 / +70°C
Colour	Black	Black	Black
<b>Cable Data</b>			
Cable Type	LBC100	LBC100	LBC100
Length (m)	5	5	5
Termination	SMA (m)	SMA (m)	Blue FAKRA (m)
<b>Mounting Data</b>			
Mounting Type	Adhesive	Adhesive	Adhesive
