

Supply & Modify Covert Land Rover Shark Fin Antenna – 1 FUNCTION

VSWR*

This **covert antenna modification** is for the **OEM Land Rover Shark Fin Antenna**. It is provided pre-painted to match the **specific colour code of your vehicle**. After painting, each antenna undergoes **individual testing** to ensure that the frequency performance remains unaffected by the finish.

The antenna features a **300mm RG316 low-loss cable** extending from it. You can choose **optional RF connectors** when placing your order, and a **full range of extension cable assemblies** are available to meet your installation needs.

This antenna is customisable and available with **various functions and frequencies**, including **GPS** and **Wi-Fi**. Please contact us for further information.

Technical Specifications*

Band	TETRA	OEM Functions
Frequency Range (MHz)	380-410MHz	All OEM functions & connectors retained.
Input Power	10W	
Gain	-4.8dBi	
Polarisation	Vertical	
VSWR	<2.5:1	
Impedance	50Ω	
Antenna Connection	SMA (m) 300mm RG316	
Extension Lead	BNC (m) 5m SBC195	

*Tested using 5m of SBC-195 on 1.5m ground plane. Gain Calculated using HFSS.

Subject to change.
