

## Supply & Modify Covert Land Rover Shark Fin Antenna – 2 FUNCTIONS

### VSWR\*

This **covert antenna modification** is for the **OEM Land Rover Shark Fin Antenna**. It is provided pre-painted to match the **specific colour code of your vehicle**. After painting, each antenna undergoes **individual testing** to ensure that the frequency performance remains unaffected by the finish.

The antenna features a **300mm RG316 low-loss cable** extending from it. You can choose **optional RF connectors** when placing your order, and a **full range of extension cable assemblies** are available to meet your installation needs.

This antenna is customisable and available with **various functions and frequencies**, including **LTE** and **Wi-Fi**. Please contact us for further information.
